

RPG Consumables & Potions Icons Pack

Documentation | v1.0.1

FDOKA Studio — 2026

1. Overview

RPG Consumables & Potions Icons Pack contains 180 hand-crafted flat cel-shaded icons organized into 12 categories. All icons are designed under the FDOKA Elastic Glyph System — a strict art direction framework ensuring consistent style, readable silhouettes, and clean flat color palettes across the entire set.

Key features:

- 180 unique icons — no duplicates, no palette swaps
- 12 organized categories for easy integration
- Flat cel-shaded style — thick expressive outlines, 2-3 hard tones per icon
- Transparent PNG (32-bit RGBA) — drop-in ready on any background
- Readable at 64x64, 128x128, and 256x256
- Adobe Illustrator source files included (.ai)
- Unity 2022.3 LTS+ compatible

3. File Structure

After importing the package into Unity, you will find the following folder structure:

Folder / File	Description
RPG Consumables & Potions Icons Pack/	Root package folder
└ 01_Scenes/	Demo scene (01_Demo)
└ 02_Scripts/	All C# scripts (Category, Grid, Preview, Sound, Credits)
└ 03_Art/	All PNG icons organized by category (12 folders)
└ 01_HP/	15 HP Potion icons
└ 02_MP/	15 MP Potion icons
└ 03_Stamina & Energy/	15 Stamina & Energy icons
└ ... (12 folders total)	One folder per category — 15 icons each
└ 04_Source/	Adobe Illustrator source files (.ai)
└ Documentation.pdf	This document
└ Third-Party Notices.txt	Third-party asset licenses (music)

4. How to Use

4.1 Import into Unity

- In Unity, go to Assets → Import Package → Custom Package
- Select the .unitypackage file and click Import
- All icons will appear under Assets/RPG Consumables & Potions Icons Pack/03_Art/

4.2 Set Up Sprites

- Select any PNG icon in the Project window
- In the Inspector, set Texture Type to Sprite (2D and UI)
- Set Pixels Per Unit to match your project (default 100)
- Click Apply

4.3 Use in UI

- Drag any sprite onto a UI Image component
- Enable Preserve Aspect to maintain the icon shape
- Icons work best on dark or neutral backgrounds
- Recommended display sizes: 64x64, 128x128, 256x256

4.4 Use the Demo Scene

- Open Assets/RPG Consumables & Potions Icons Pack/01_Scenes/01_Demo.unity
- Press Play to browse all 180 icons by category
- Click any icon to preview it in the side panel

5. Technical Specifications

Property	Value
Total icons	180
Categories	12
Master resolution	512 x 512 px
Recommended sizes	512x512 · 256x256 · 128x128 · 64x64
File format	PNG (32-bit RGBA)
Source format	Adobe Illustrator (.ai)
Background	Transparent (Alpha channel)
Unity version	2022.3 LTS and above
Render pipeline	Built-in · URP · HDRP
Naming convention	Icon Name.png (readable names, no underscores)

6. AI Disclosure

Some icons in this pack were initially generated with AI assistance as reference material, then fully redrawn and refined by hand in Adobe Illustrator to ensure quality and consistency. All final artwork is original and owned by FDOKA Studio.

7. Support

For questions, bug reports, or feedback, please use the Unity Asset Store review system or contact FDOKA Studio directly.

- Unity Asset Store publisher page: [FDOKA AS Publisher](#)
- For issues, use the Unity Asset Store Reviews & Questions section on the pack page
